We have good news and bad news, Robert.

The good news is that the NRA's Political Victory Fund—the elections arm of the NRA—just disclosed its numbers. **August was its lowest fundraising month of the year by far.**

The bad news is that in recent polling, NRA-backed candidates are pulling ahead of Gun Sense Candidates in races across the country and are threatening to dismantle all the legislative progress we've made to end gun violence.

With your help, our grassroots movement—led by Moms Demand Action and Students Demand Action volunteers across all fifty states and D.C.—can stop the NRA's guns everywhere agenda, their A+ rating candidates from getting elected, and advocate for common sense gun laws.

Help fuel our work to stop the NRA in its tracks and to do everything we can to end gun violence nationwide by donating generously to the Everytown Action Fund and your gift will be matched, up to $75,000—but only until midnight on September 30th!
