SCDOT warns drivers of trees, debris in roadway from high winds associated with Tropical Storm Helene

Columbia, S.C. (September 27, 2024)— The South Carolina Department of Transportation is encouraging drivers to avoid travel as wind speeds associated with Tropical Storm Helene have caused downed trees and other debris in roadways. SCDOT crews will begin clearing roadways as it becomes safe to do so.

If you must travel, SCDOT asks that you use caution and report any downed trees or debris to us directly at 855-467-2378.

About SCDOT
The South Carolina Department of Transportation (SCDOT) is the state agency with oversight of South Carolina's network of highways and bridges, including responsibilities such as planning, design, construction, financing, and roadway safety. To ensure the nation's fourth-largest highway system is prepared to serve the needs of South Carolina's growing economy and population, SCDOT has developed a **Strategic 10-Year Plan** that addresses improvements to the state's highway and bridge systems. Learn more at **scdot.org**.
