Good Morning, everyone. I hope all is well and everyone is staying safe. Journalist, Travis Rose with Gannett USA Today here.

"Expect rainfall to accumulate between six to 10 inches across the Upstate between Thursday and Friday mornings and through the mountainous areas near the border of North Carolina, expect nearly a foot of rain," said Justin Lane, meteorologist for The National Weather Service as of 6:30 a.m. on Thursday, Sept. 26."

I'm reaching out to see if there are any new updates, preparations, closures, or safety precautions residents should be aware of?
