> What is going on? No road crew on streets at 4pm Friday. No road crew clearing Saturday. Health and Safety are your prime job. Whose job? Your Administer and Director of Public Works have failed. So far you and council have failed! You have 4000 in East Clemson know you have failed and Council have failed also. Duke - Energy are waiting until you make the streets save. 1000 Duke - Energy customers are awaiting the city to make the streets safe for their work (East Clemson). No action by Duke until the city cleans up the streets. Time for action - not hand wringing!
