Hi Robert,

When's the last time you updated City of Clemson's website?

We've recently helped hundreds of small Citys like yours update their websites with a modern design, streamlined management, and improved compliance.

Are you free this week for a quick demo? It's a great way to explore the platform and see how it aligns with your goals. Grab some time on our calendar here: www.munibit.com/schedule-demo.

I look forward to hearing from you soon!

PS - let me know if you're not interested and I won't reach out again.
