Hey neighbors, I wanted to update you all on some important information we're pushing out as we've switched over to disaster recovery. We've been updated by state and local government, and here's what we're sharing with neighbors regarding FEMA and disaster assistance.

Key Points:

- **FEMA applications are open** now for anyone who has damage to their home. Be sure to apply as soon as possible!

- **Food loss reimbursement:** If you lost groceries due to power outages, you can request up to **$750** in reimbursement from FEMA.

- **Temporary housing**: If family members have been displaced, FEMA may also assist with hotel accommodations.

- You can apply online at www.disasterassistance.gov.

Let me know if you have any questions! My case managers are helping people file for assistance. Stay safe & pass the word. We'll get through this we're stronger together.
