Subject: [ITGA] Interesting research on town-gown relations
Date: Tuesday, October 1, 2024 11:40:36 AM

Hi All,

I'm an ITGA Board Member that co-chairs the student engagement committee and sit on the international committee. I lead the defacto Canadian town and gown association, while also completing my doctorate in geography from the University of Western Ontario. We are looking to grow ITGA's role in research on the opportunities and challenges that face town-gown relations. I am interested to hear about what research have you seen recently on all things town and gown? I myself enjoyed this Canadian report on student housing from Desjardins Economics: https://www.desjardins.com/qc/en/savings-investment/economic-studies/canada-part-1-student-housing-3-september-2024.html

Cheers,

AJ

p.s. My heart goes out to our member communities that have been affected by Hurricane Helene. Please reach out to the Board with any suggestions of how ITGA can support you over the coming months.
